

# Citation Example

Dr. F.J. Rodenburg

## Introduction

SARS-CoV-2 can survive for up to 28 days on surfaces.<sup>1</sup> Yet, as of writing this article, the contribution of surface contamination to the spread of SARS-CoV-2 remains poorly understood.<sup>2</sup>

You can also cite two papers at once, by separating them with a semi-colon.

This sentence has two citations.<sup>1,2</sup>

## Methods

Linear mixed effects models were fitted using the `lme4` package in R.<sup>3</sup>
